Time for the Simonton Beautification Committee Annual Mulch Sale

Each year the Simonton Beautification Committee raises funds during the mulch sale to fund improvement projects in the Simonton area. Past projects have included clean up and landscape at Simonton City Hall and Post Office and sponsorship of local Boy Scout Eagle projects to build and erect the city monument and flag system for patriotic holidays. We have more scouts and more projects planned. Your support will help us further improve our area.

For 2012 the Committee offers
